PROFESSIONAL SUMMARY

Results-oriented Software Engineer with over 7 years of experience, including 5 years specializing in building cross-platform mobile applications—particularly in the fintech space. Proven expertise in developing Flutter plugins and packages using native technologies. Skilled in delivering user-focused applications with strong emphasis on security best practices such as secure authentication, SSL pinning, and data encryption. A quick learner who is highly committed to continuous improvement and personal growth, with a passion for building robust, scalable, and intuitive software solutions.

KEY COMPETENCIES

Mobile App Development:

Flutter, Kotlin, Swift

Frontend Development:

Angular, React

Backend Development:

Springboot, NodeJs, FastAPI

Languages:

Dart, Java, Typescript and others

Others:

Git, Github, Azure DevOps, Github Actions, codemagic, Riverpod, Provider, Testing, etc

PROFESSIONAL EXPERIENCE

Stanbic Bank Ghana

Nov 2020 - Present

Senior Software Engineer - Contract

Delivered high-performing, secure, and scalable cross-platform mobile applications—boosting user retention by 80%, increasing satisfaction by 18%, enhancing code reliability with 90% test coverage, improving UX by 25% through proactive issue resolution, and reducing deployment time by 60% via CI/CD automation—all while cutting security risks by 90% and reducing data latency by 15% through optimized API collaboration.

Shabo Pay Limited

April 2023 - Dec 2023

Freelance Mobile Developer

Contributed to the development of secure and user-friendly mobile apps for financial payments, supporting features like KYC, payment gateway integration, and real-time transaction tracking. Assisted with API integration, UI/UX implementation using Flutter, and wrote tests to ensure app stability. Helped configure CI/CD pipelines and implemented key security measures, enhancing reliability, efficiency, and compliance.

Tayp

April 2022 - 2023

Technical Developer

Contributed to building a voice-based social media app that enabled users to post and engage through audio recordings. Implemented features like recording, playback, real-time feed updates, and background audio support using Flutter, enhancing user experience and engagement.

EDUCATION & CERTIFICATIONS

Higher National Diploma

Computer Science

Ho Technical University

PRODUCTION PROJECTS

SIMS LTD

A finance and investment app that empowers users to grow their money through guided investments.
